About Us

OnTheClock is a web-based time clock service that does not require messy software installations. We offer a **30 DAY FREE TRIAL** with absolutely no obligations so you can try our product to make sure it fits your needs. You have full access to our services during the free trial without limited options or features. We also offer free customer support and upgrades while using the service. Since the service is 100% internet based, this allows you to use it anywhere in the world!

Our Services

With the latest technology in employee time clock services, you can access your account from Computers, iPhones, iPads, Android Phones or Tablets that have a browser and internet connection. The Administrator has the ability to all areas of the account. He/She can setup managers and employees, see who is in/out, edit time cards, print reports, and manage account billing and all the company's information settings. In addition, managers have different functionality settings to manage all aspects of their assigned employees including editing, printing time cards and viewing all employees. Employees can be limited to one device by the use of Group Punch Station or they can be limited by the IP address of your facility.

Successful Companies Trust OnTheClock!
